

#### **Product Datasheet**

# APC Anti-Mouse CD3ε Antibody [145-2C11]

Catalogue Code: AGEL1324

### Antibody Data

Product SKU: AGEL1324 Clone: 145-2C11

Applications: FCM

Reactivity: Mouse

## **Important Note:**

Centrifuge before opening to ensure complete recovery of vial contents.

#### **Product Information:**

Alternate Names: T-cell surface glycoprotein CD3 epsilon chain;CD3E;T-cell surface antigen T3/Leu-4

epsilon chain;CD3e;CD3E;T3E;

Uniprot ID: P22646

**Background**: CD3ε is a 20 kD transmembrane protein, also known as CD3 or T3. It is a member of the

Ig superfamily and primarily expressed on T cells, NK-T cells, and at different levels on thymocytes during T cell differentiation. CD3 $\epsilon$  forms a TCR complex by associating with the CD3 $\delta$ ,  $\gamma$  and  $\zeta$  chains, as well as the TCR  $\alpha/\beta$  or  $\gamma/\delta$  chains. CD3 plays a critical role in TCR signal transduction, T cell activation, and antigen recognition by binding the

peptide/MHC antigen complex.

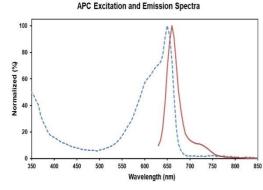

Form: Liquid

Conjugation: APC

Size: 25µg, 100µg

Host Species: Armenian Hamster

**Isotype:** Armenian Hamster IgG

Ex:650 nm; Em:660 nm

**Isotype Control:** APC Armenian Hamster IgG Isotype Control[PIP] [Product AGEL1324]

**Storage Buffer:** Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant.

**Shipping:** Biological ice pack at 4°C

**Stability & Storage:** Keep as concentrated solution. Store at 2~8°C and protected from prolonged exposure to

light. Do not freeze. Centrifuge before opening to ensure complete recovery of vial

contents. This product is guaranteed up to one year from purchase.

Recommended Usage:

Each lot of this antibody is quality control tested by flow cytometric analysis. Please check your vial before the experiment. Since applications vary, the appropriate dilutions must be determined for individual use. We suggest each investigator should titrate the reagent to obtain optimal results [The recommended concentration is 0.1-1  $\mu$ g/106 cells in 100  $\mu$ L volume].
