

Product Datasheet **FITC Anti-Mouse CD366/Tim-3 Antibody [RMT3-23]** Catalogue Code: AGEL3379

Antibody Data

Product SKU:	AGEL3379	Clone:	RMT3-23	
Applications:	FCM			
Reactivity:	Mouse			

Important Note:

Centrifuge before opening to ensure complete recovery of vial contents.

Product Information:

Alternate Names:	TIM3; TIMD3;HAVcr-2;TIMD-3;		
Uniprot ID:	Q8VIM0		
Background:	CD366 (Tim-3) is a transmembrane protein also known as T cell immunoglobulin and mucin domain containing protein-3. Tim-3 is expressed at high levels on activated T cells (preferentially on Th1 cells, monocytes/macrophages, and dendritic cells). Tim-3 has also been shown to exist as a soluble protein. Cells expressing Tim-3 are present at high levels in the CNS of animals at the onset of experimental autoimmune encephalomyelitis (EAE), a disease mediated by lymphocytes secreting Th1-like cytokines. Tim-3 has been proposed to inhibit Th1-mediated immune responses and promote immunological tolerance.		
Form:	Liquid	FITC Excitation and Emission Spectra	
Conjugation:	FITC	80	
Size:	25µg, 100µg		
Host Species:	Rat	40	
Isotype:	Rat IgG2a, к	20 0 350 400 450 500 550 600 650 700 Wavelength (nm)	
		Ex:490 nm; Em:530 nm	
Isotype Control:	FITC Rat IgG2a, κ Isotype Control[2A3] [Product AGEL3379]		

Storage Buffer: Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant.

Shipping: Biological ice pack at 4°C

- **Stability & Storage:** Keep as concentrated solution. Store at 2~8°C and protected from prolonged exposure to light. Do not freeze. Centrifuge before opening to ensure complete recovery of vial contents. This product is guaranteed up to one year from purchase.
- RecommendedEach lot of this antibody is quality control tested by flow cytometric analysis. Please check
your vial before the experiment. Since applications vary, the appropriate dilutions must be
determined for individual use. We suggest each investigator should titrate the reagent to
obtain optimal results [The recommended concentration is 0.1-1 μg/106 cells in 100 μL
volume].
