

Dengue 2 NS1 Antibody

CPAB0703

Product Information

Size:

100µg

Applications:

Reactivity:

Viral

Source:

Isotype:

Purification Method:

Purified by affinity chromatographic technique.

Protein Background:

The polyclonal antibody to dengue serotype 2 NS1 was collected from the rabbit immunized with full length recombinant dengue serotype 2 NS1 antigen.

Synonyms:

Immunogen:

Storage:
