## **GST Tag Antibody**

## PACO13762

Reactivity:

**GST Tag** 

lgG

## **Product Information**

Size: Protein Background:

50ul GST (Glutathione S-Transferase) is a 26kDa protein which was widely used in the pGEX

family of GST plasmid expression vectors as a fusion protein with foreign proteins. GST isoenzymes appear to play a central role in the parasite detoxification system. Other

functions are also suspected including a role in increasing the solubility of haematin in

the parasite gut.

Source: Gene ID:

Rabbit

Isotype: Uniprot

Applications: Synonyms:

ELISA, WB Glutathione S-Transferase

Recommended dilutions: Immunogen:

ELISA:1:1000-1:10000, WB:1:1000-1:8000 Full length fusion protein.

Storage:

-20° C, pH7.4 PBS, 0.05% NaN3, 40% Glycerol

## **Product Images**

Gel: 10%SDS-PAGE, Lysate: 2 μ g, Lane: Recombinant GST tag protein, Primary antibody: PACO13762(GST Tag Antibody) at dilution 1/1000, Secondary antibody: Goat anti rabbit IgG at 1/8000 dilution, Exposure time: 15 seconds.
