## Nanodisc Human OX2R-Strep Protein

## **HDFP1149**

## **Product Information**

| Product SKU:  | HDFP1149                       | Expression Hos   | <b>t</b> : HEK293 | Size | 10µg |  |
|---|--------------------------------|--|-------------------|------|------|--|
| Target:   | OX2R                           | Tag:   | C-Flag&Strep      | Тад  |      |  |
| Additional Infor  | mation                         |  |                   |      |      |  |
| <b>Conjugate</b> :  | Unconjuga                      | Unconjugated Uniprot ID: 043614  |                   |      |      |  |
| Molecular Wei   | ght: The huma                  | The human full length OX2R-Strep protein has a MW of 50.7 kDa  |                   |      |      |  |
| Protein Informa   | tion                           |  |                   |      |      |  |
| <b>Background</b> : The protein encoded by this gene is a G-protein coupled receptor involved in the regulation of feeding behavior. The encoded protein binds the hypothalamic neuropeptides orexin A and orexin B. A related gene (HCRTR1) encodes a G-protein coupled receptor that selectively binds orexin A. [provided by RefSeq, Jan 2009] |                                |  |                   |      |      |  |
| Synonyms:   | onyms: ORXR2, OX2R, OXR2       |  |                   |      |      |  |
| Protein Descri  | <b>ption</b> : Human           | : Human OX2R-Strep full length protein-synthetic nanodisc  |                   |      |      |  |
| <b>Formulation</b> :  | 8.0). No<br>see Cer<br>below ( | Lyophilized from nanodisc solubilization buffer (20 mM Tris-HCl, 150 mM NaCl, pH 8.0). Normally 5% – 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions. Do not use solvents with a pH below 6.5 or those containing high concentrations of divalent metal ions (greater than 5 mM) in subsequent experiments. |                   |      |      |  |
| Protein Pathw   |                                | GPCRDB Class A Rhodopsin-like, Neurotrophin & Receptors.   |                   |      |      |  |
| Protein Famili  | es: Drugga                     | Druggable Genome.  |                   |      |      |  |
| Usage:  | Researc                        | Research use only  |                   |      |      |  |

**Storage & Shipping**: Store at -20°C to -80°C for 12 months in lyophilized form. After reconstitution, if not intended for use within a month, aliquot and store at -80°C (Avoid repeated freezing and thawing). Lyophilized proteins are shipped at ambient temperature.
