Nanodisc Human GRIK2-Strep Protein

HDFP1467

Product Information

Product SKU :	HDFP1467	Expression Host:	HEK293		Size:	10µg
Target:	GRIK2	Tag:	C-Flag&St	rep Tag		
Additional Infor Conjugate: Molecular Weig	Unconjugate	ed Unip full length GRIK2-Stre	p rot ID: ep protein h	Q13002 as a MW o	f 102.6 kDa	

Protein Information

Background:	kground: Glutamate receptors are the predominant excitatory neurotransmitter receptors			
	the mammalian brain and are activated in a variety of normal neurophysiologic			
	processes. This gene product belongs to the kainate family of glutamate receptors,			
	which are composed of four subunits and function as ligand-activated ion channels			
	The subunit encoded by this gene is subject to RNA editing at multiple sites withi			
	the first and second transmembrane domains, which is thought to alter the structure			
	and function of the receptor complex. Alternatively spliced transcript variants			
	encoding different isoforms have also been described for this gene. Mutations in this			
	gene have been associated with autosomal recessive cognitive disability. [provided			
	by RefSeq, Jul 2008]			
Synonyms:	EAA4, GLR6, GLUK6, GLUR6, GluK2, MRT6			
Protein Description :	Human GRIK2-Strep full length protein-synthetic nanodisc			
Formulation :	Lyophilized from nanodisc solubilization buffer (20 mM Tris-HCl, 150 mM NaCl, pH			
	8.0). Normally 5% – 8% trehalose is added as protectants before lyophilization. Please			
	see Certificate of Analysis for specific instructions. Do not use solvents with a pH			
	below 6.5 or those containing high concentrations of divalent metal ions (greater			
	than 5 mM) in subsequent experiments.			
Protein Pathways:	-			
Protein Families:	Ion Channels: Glutamate Receptors.			

Usage:	Research use only		
Storage & Shipping:	Store at -20°C to -80°C for 12 months in lyophilized form. After reconstitution, if not		
	intended for use within a month, aliquot and store at -80°C (Avoid repeated freezing		
	and thawing). Lyophilized proteins are shipped at ambient temperature.
