Nanodisc Human CAV1-Strep Protein

HDFP878

Product Information

Product SKU:	HDFP878	Expression Host:	HEK293		Size:	10µg	
Target:	CAV1	Tag:	C-Flag&S	trep Tag			
Additional Infor Conjugate: Molecular Weig	Unconjuga	ted Unip n full length CAV1-Stre	p rot ID: p protein h	Q03135 as a MW of	⁻ 20.3 kDa		

Protein Information

Background:	The scaffolding protein is the main component of the caveolae plasma membranes				
	found in most cell types. The protein links integrin subunits to the tyrosine kinase				
	FYN, an initiating step in coupling integrins to the Ras-ERK pathway and promoting				
	cell cycle progression. The gene is a tumor suppressor gene candidate and a negative				
	regulator of the Ras-p42/44 mitogen-activated kinase cascade. Caveolin 1 and				
	caveolin 2 are located next to each other on chromosome 7 and express colocalizing				
	proteins that form a stable hetero-oligomeric complex. Mutations in this gene have				
	been associated with Berardinelli-Seip congenital lipodystrophy. Alternatively spliced				
	transcripts encode alpha and beta isoforms of caveolin 1.				
Synonyms:	BSCL3; CGL3; LCCNS; MSTP085; PPH3; VIP21				
Protein Description :	Human CAV1-Strep full length protein-synthetic nanodisc				
Formulation:	Lyophilized from nanodisc solubilization buffer (20 mM Tris-HCl, 150 mM NaCl, pH				
	8.0). Normally 5% – 8% trehalose is added as protectants before lyophilization. Please				
	see Certificate of Analysis for specific instructions. Do not use solvents with a pH				
	below 6.5 or those containing high concentrations of divalent metal ions (greater				
	than 5 mM) in subsequent experiments.				
Protein Pathways:	Focal adhesion, Viral myocarditis.				
Protein Families:	Druggable Genome, Transmembrane.				
Usage:	Research use only				

Storage & Shipping: Store at -20°C to -80°C for 12 months in lyophilized form. After reconstitution, if not intended for use within a month, aliquot and store at -80°C (Avoid repeated freezing and thawing). Lyophilized proteins are shipped at ambient temperature.
