Recombinant Human Frizzled-1/FZD1 Protein

RPCB0748

Product Information

Product SKU: RPCB0748 **Gene ID**: 8321 **Size**: 10μg

Tag: C-hFc&His Reactivity: Human

Additional Information

Expression Host: HEK293 cells **Swissprot**: Q9UP38

Purity: > 92% by SDS-PAGE.

Protein Information

Background: This protein belongs to the G-protein coupled receptor Fz/Smo family. FZD1 contains

a signal peptide, a cysteine-rich domain in the N-terminal extracellular region, $7\,$

transmembrane domains, and a C-terminal PDZ domain-binding motif. FZD1 is

expressed in adult heart, placenta, lung, kidney, pancreas, prostate, and ovary and in

fetal lung and kidney. Frizzled is a family of G protein-coupled receptor proteins that

serve as receptors in the Wnt signaling pathway and other signaling pathways. When

activated, Frizzled leads to activation of Dishevelled in the cytosol. Frizzled proteins

and the genes encoding them have been identified in an array of animals, from

sponges to humans. Frizzled proteins play key roles in governing cell polarity,

embryonic development, formation of neural synapses, cell proliferation, and many other processes in developing and adult organisms. Most of frizzled receptors are

coupled to the beta-catenin canonical signaling pathway, which leads to the

activation of disheveled proteins, inhibition of GSK-3 kinase, nuclear accumulation of

beta-catenin and activation of Wnt target genes.

Protein Description: High quality, high purity and low endotoxin recombinant Recombinant Human

Frizzled-1/FZD1 Protein, tested reactivity in HEK293 cells and has been validated in

SDS-PAGE.100% guaranteed.

Endotoxin: < 0.1 EU/μg of the protein by LAL method.

Formulation: Lyophilized from a 0.22 μm filtered solution of PBS, pH 7.4.Contact us for customized

product form or formulation.

Storage: Store at -20°C.Store the lyophilized protein at -20°C to -80 °C up to 1 year from the

date of receipt.After reconstitution, the protein solution is stable at -20°C for 3

months, at 2-8°C for up to 1 week.
